

# Tasso ECU Remap – Postal Service

## What to do ...

Step 1 : Print this page, complete shaded boxes below

Step 2 : Remove side panels, locate, unbolt and unplug wiring and remove ECU from scooter.

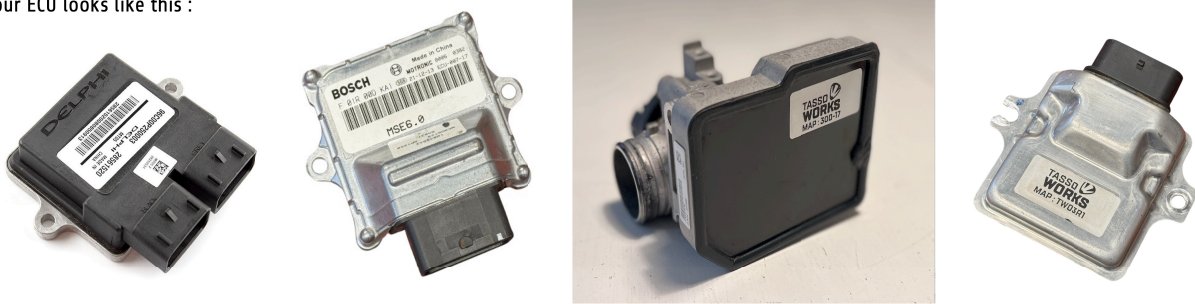

Step 3 : Put ECU into a paddy envelope, cut out address label below and stick on envelope

Step 4 : Place this completed form into the envelope with ECU and seal

Step 5 : Take to local Post office and send using RECORDED or SPECIAL DELIVERY signed for service
